ONLINE CODING

GAME PLAY

Students will use the Scratch editor online to code their own interactive game. We will work using guided and independent practice on defined counts, subprograms, and Boolean expressions. Students will also have the opportunity to view, deconstruct, and remix examples of Scratch building scripts.

This is a 2 session workshop.

OFFLINE CODING

ASCII my name.

In this workshop, students will use ASCII to code their name and/or messages in binary.
