

GRADE 3 WORKSHOPS

Synchronous in-class or online!

GROWTH AND CHANGES IN PLANTS

Can You Help Me Grow?

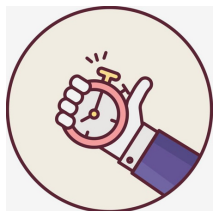

In this workshop, students will design and build a greenhouse. Why are greenhouses important? What do you need in your greenhouse to help make a plant grow?

FORCES CAUSING MOVEMENT

Run, Marble, Run: It's About Time

In this workshop, students will be challenged with designing and building a marble run that will be timed for the fastest or slowest run. How does force affect this?

STRONG AND STABLE STRUCTURES

Having a Good Mind: Helping our Animal Friends

In this workshop, students will design and build a structure for an animal of their choosing.
