WHO ARE WE?
We are Aboriginal Access to Engineering, within the Faculty of Engineering and Applied Science at Queen’s University. We are a small group of Indigenous OCT Certified teachers who aim to teach and engage Indigenous students in STEM.

WHAT DO WE OFFER?
We offer two different types of Programming to meet the needs of your students and school:

Virtual Face-to-Face
- We lead virtual workshop
- 100 minutes of contact and learning time
- 30 minute reflection with assessment sheet

@Home Kits
- Written instructions included
- Students work on their own time

WHAT DO YOU GET?
- FREE Science workshops connected to curriculum
- Material Kits for each workshop
- Hands-on activities
- Assessment checklists for each workshop

ABORIGINAL ACCESS TO ENGINEERING
QUEEN’S UNIVERSITY
GRADE 1 WORKSHOPS
Synchronous in-class or online!

Energy in our lives

FLYING HIGH!
In this workshop, students will explore natural energy through the design and build of a kite.

Materials Objects and Everyday Structures

HELPING THE HARVEST
In this workshop, students will explore different materials that have been provided to them. Students need to decide which materials are better for designing and building a harvesting container.

Daily and Seasonal Changes

WEATHER STATION
In this workshop, students will design and build a weather station so students can keep track of the changes in weather over time.
