We are Aboriginal Access to Engineering, within the Faculty of Engineering and Applied Science at Queen’s University. We are a small group of Indigenous OCT Certified teachers who aim to teach and engage Indigenous students in STEM.

We offer two different types of Programming to meet the needs of your students and school:

**Virtual Face-to-Face**
- We lead virtual workshop
- 100 minutes of contact and learning time
- 30 minute reflection with assessment sheet

**@Home Kits**
- Written instructions included
- Students work on their own time

**WHAT DO YOU GET?**
- FREE Science workshops connected to curriculum
- Material Kits for each workshop
- Hands-on activities
- Assessment checklists for each workshop

BOOK YOUR WORKSHOP TODAY! ALL MATERIALS PROVIDED AND SHIPPED AT NO COST TO SCHOOLS
Email us to book your workshop! aboriginal.access.outreach@queensu.ca
In this workshop, students will design and build a marble run that has a gear and pulley system. Materials will be included.

In this workshop, students will design, build, and test a device that makes use of the properties of sound (e.g., a musical instrument or a sound amplification device).

In this workshop, students will do an initial design and build to create a living habitat containing a community.
